RETINAL REJUVENATION THERAPY

LFR

LASER FLOATER REMOVAL

## YOU ARE INVITED TO JOIN THE FIRST EUROPEAN LASER INNOVATIONS FORUM

We are pleased to invite you to join a panel of leading European experts in Nice (France) to share your experiences on the latest updates of laser therapies in ophthalmology.

With the scientific contribution of John MARSHALL, PhD, FRCPATH, FMedSci (Institute of Ophthalmology UCL in association with Moorfields Eye Hospital – London), John CONRATH, PhD, MD (Centre Monticelli-Paradis – Marseille) and Isabelle AKNIN, MD (Clinique Oxford – Cannes), the forum will be primarily focused on LFR Laser Floater Removal and 2RT® Retinal Rejuvenation Therapy for eAMD including a session on most recent updates in the SLT Selective Laser Trabeculoplasty.

## PRELIMINARY AGENDA:

### SLT - Selective Laser Trabeculoplasty

- 20 Years After the First SLT Treatments: Where are We today?
- Should SLT be Considered as Primary Therapy?

### LFR - Laser Floater Removal

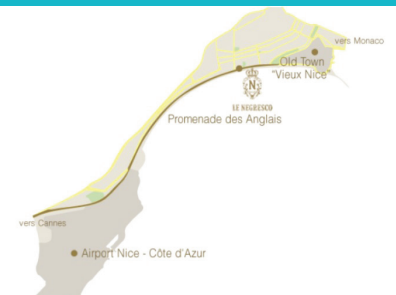

- The New Classification of Vitreous Floaters
- Publications on Laser Vitreolysis: What did we Learn so far?
- How to Overcome the Challenges of Laser Vitreolysis?
- Laser Vitreolysis for Floaters or Vitrectomy: Which Treatment for Which Floaters?
- Case Reports : To treat or not to Treat (interactive)

### 2RT® - Retinal Rejuvenation Therapy

- Early to Intermediate AMD: Where are we Today in Understanding Pathophysiology?
- 2RT® the Mechanism of Action and Publications
- 2RT® Case Reports for DME
- 2RT® Case Reports for early AMD

Please note that the entire program will be in English and due to a limited number of places will require a confirmed registration before Friday, 9th March 2018.

DATE OF EVENT:	Saturday, 24th March 2018
TIME:	09.00 – 17.00 (lunch included)
VENUE:	Hôtel LE NEGRESKO 37, Promenade des Anglais 06000 Nice - France

## REGISTRATION FEES (contribution for catering):
